Re: Reduced price lunch for qualifying students

Dear Parent or Guardian:

Today, Riverside Brookfield High School, District 208, announced its policy for reduced price lunches, according to the income eligibility guidelines of the National School Lunch Program. Students who qualify for reduced price lunches may purchase the same lunch that is available to free lunch students for the price of \$1.00.

The announcement regarding reduced price lunches takes effect immediately and is in addition to the free lunch program already in place in District 208.

Attached to this cover letter is a revision of the free breakfast and lunch application. The revised application includes the guidelines for reduced price meals. The new, reduced price program applies to the lunch program. If you feel that you qualify, please complete the application and return it to Mrs. Presta in the Assistant Principals' Office or contact her at 708-442-8303.

Sincerely,

Dr. David Bonnette
Interim Superintendent
