Riverside Brookfield High School  
Environmental Goal – 2007 / 2008 School Year

As maintained in our Mission Statement, Riverside Brookfield High School is a partnership of parents, students, staff, Board of Education, elementary schools and community. This academic partnership will provide a comprehensive education in a safe, orderly, well-equipped environment. All students will be prepared with the intellectual, aesthetic, vocational, physical, personal and social skills necessary to be responsible and effective members of a diverse and changing world.

Therefore, Riverside Brookfield High School affirms and actively promotes the public's right to a healthy, quality environment and is committed to environmental excellence now and in the future through:

- a) A Commitment to Environmental Education for the entire school community
- b) Promoting the concept of environmental stewardship
- c) Environmentally Responsible Purchasing Policies
- d) Maximum energy efficiency and conservation
- e) Sustainable design principles in land-use, transportation, landscape and building planning.
