

Riverside Brookfield High School
Is a proud Supporter of the
No Child Left Inside Initiative

A List of Riverside Brookfield High School Initiatives

- ❖ We are sponsoring an upcoming television spot on the RBTV television station which broadcasts throughout the near western suburbs and are currently running public service announcements on the station.
- ❖ We have added the No Child Left Inside logo to our Staff Daily Bulletin and other school literature
- ❖ The creation of the RBHS SEE (School of Environmental Education) program in partnership with Brookfield Zoo was conceived and implemented before the No Child Left Inside Initiative was announced.

We are proud that one of our major goals, experiential learning, is an important part of the No Child Left inside initiative. We are now linking our program even more closely with NCLI ideals as follows:

- The upcoming SEE “Fishing Derby”
 - SEE / RBHS students “Adopt-a-Beach” program
 - SEE New Orleans Service Habitat Restoration Trip
 - Bio Diversity Recovery Plan Project
 - And much, much more
- ❖ We have proudly (and shamelessly!) promoted our connection to the No Child Left Inside Initiative at school functions, in school publications and in public address announcements.
 - ❖ RBHS has purchased several No Child Left inside banners that we are now prominently displaying in the Main Entrance and using at various school functions.
 - ❖ RBHS is a proud member of the Chicago Wilderness Consortium.

In short, RBHS seeks to be an active partner in
achieving the goals of the
No Child Left Inside initiative.
Together we are making a difference.

Bulldogs love Green!
